Ridewell Continues to Expand 260 Series Suspension Line

*Springfield, MO – October 12, 2009* – Ridewell is expanding the 260 series of trailer air ride suspensions with the release of the RAR-260 25k overslung high-travel suspension. Comparable to the popular hi-travel Ridelite, this latest release of the RAR-260 has 5.5" of up-travel and a 17" mounting height.

Ridewell has also released lift kits to service the RAR-260 series. These hanger-mount style kits are available in three variations to accommodate the full ride height range. A view of the lift kit installed on an RAR-260 is shown below.
