ENGINEERED FOR STABILITY, STRENGTH & DURABILITY

MAXIMIZE YOUR LOAD WITHOUT
COMPROMISING CONTROL.

Perfect for dump, roll-off, trash, utility
trucks and trailer applications.

IMPROVED RSS-233 AUXILIARY LIFT STEERABLE SUSPENSION

Wheel End Warranty
Improved 7-year wheel end warranty on air disc brakes and soon for drum brakes too.

Solid Forged Tie Rod Ends
Increased durability and resistance to "wheel oscillation" (shimmying) vs. "compliant" fabricated versions

Heavy Duty Damper Shock
Improved steering stability and reduces "wheel oscillation" (shimmying)

Heavy Duty Axle
Improved 80 grade vs. 50 grade for greater axle durability

Heavy Duty Bushing
Improved life, lateral stability and reduces "wheel oscillation" (shimmying)

Solid Forged Knuckle
Greater durability vs. fabricated versions

Dual Draw Keys
Ensures strong connection to king pin

- Designed for lateral stability - no additional parts needed
 - Kaiser king pin kits, air controls and integrated air tank kits available
- *NEW IMPROVEMENTS HIGHLIGHTED IN BOXES**
